Radiologic Technology Resources

Online Resources: Books

To search for books and other materials in the Edward G. Schumacher Library, go to www.nc.edu/library and click on “Oasis Online Catalog”. You may search by title, author, and subject. The “call number” in the item record indicates its location on the Library shelves.

Your Student I.D. card serves as your Library card. Ask any Library staff member for help in locating materials. Books are checked out for a three-week period and may be renewed in person and by telephone. If you need a book from another campus library, a librarian will order the book for you and call you when it arrives.

To search for books from other libraries, you may use the FirstSearch online catalog. Go to http://newfirstsearch.oclc.org and search by title, author, and subject. Please contact library staff for the ID and password to use (library@nc.edu). Please see Library staff to arrange for interlibrary loans. You will be notified by telephone when your books arrive.

Online Resources: Full-Text Articles

**Link directly to the EBSCOhost and ProQuest databases from the online catalog.

EBSCOhost may also be accessed remotely at the following web address: http://search.ebscohost.com. Please contact library staff for the ID and password to use (library@nc.edu).

Choose “EBSCOhost Web” and the following databases: “CINAHL” and “Health Source: Nursing/Academic Edition”.

Type in your subjects or keywords and click the “full-text” box to search for articles.
The ProQuest online database contains full-text articles from many nursing journals. ProQuest may be accessed in the library or remotely at http://search.proquest.com. Please contact library staff for the ID and password to use (library@nc.edu).
